

Quarantine Road Landfill Curtis Bay, Maryland

Presented at 5th Annual LMOP Project Expo – December 14, 2001

The Quarantine Road Landfill has been in operation since 1985 and expects to close in 2015. The landfill is owned and operated by the City of Baltimore, Maryland.

The site is located just north of I-695 in Curtis Bay, near Baltimore. It is over 125 acres in area, and contains close to 9 millions tons of waste, about half of which is MSW.

The landfill does not currently have an LFG collection system. Although regulated by Emission Guidelines requirements, the landfill is not required to install an LFG destruction system.

Please contact Mark Wick if you'd like more information, or want to talk about the possibility of a project.

Landfill Specifications

MSW in Place	4,400,000 tons
Annual Tons	250,000 tons
LF Area	125 acres
Avg. LF Depth	120 feet
